EDUCATION

2017 –   **Technical University of Denmark (DTU), Denmark**
MSc in Information Technology, specializing in Software Security and Data Science.
Current GPA 8.55 (-3 to 12)

2013 - 2017   **Technical University of Denmark (DTU), Denmark**
BSc in Software Technology after spending my first year on Mathematics and Technology.

TECHNICAL

Software

My BSc and the first part of my MSc focused on software. I found software security and distributed systems particular interesting. Wrote my BSc thesis about distributed systems for which i got 12. Learned Java, F#, Prolog, Matlab, Python, Go and Angular.

Mathematics

Currently writing my master thesis in the field of deep learning using PyTorch.

PERSONAL INTERESTS

I love design and have been doing alot of web development besides my studies. When i'm not coding, you are likely to find me on a pair of water skiis!
